ATP/181/20

- **These LED Video walls require only simple software to be installed on PC and you can connect Video screen directly to PC or load data via Pen Drive.**
- **Options to send data wireless from PC / Android mobile or GPRS to screen are also available.**
- **All the models come in 960 x 960mm cabinets which can be easily interconnected by just one Ethernet and power cable to make the larger screen.**
- **The Cabinets are MS powder coated and have a long life, the outdoor ones are 100% rain proof and can be installed outdoors without hesitation.**
- **The Outdoor models are very bright and are fully visible in daylight.**
- **You can run multiple videos, pictures or text as advertisements, Sale offers, Promotions etc.**
- **We provide online software installation and training to run the boards.**
- **You can choose the screen size depending on the area available and the viewing distance and resolution can be decided depending on the budget**
- **The Video walls come with a standard processor which can be used by connecting directly to PC or with Pen drive which is included in the cost. Same displays can be used with Video processor if you want to use HDMI, DVI, AV , Camera , USB and inputs. Processor cost is Extra Rs. 20,000/-**
